

SARTHAK SHARMA

WEB DEVELOPER

I am a results-driven web developer with a passion for crafting exceptional user interfaces. Throughout my college journey, I dedicated myself to part-time jobs and internships, where I honed my skills in HTML, CSS, Bootstrap, React.js, and UI development from designs. Now, I am prepared to take on more significant challenges, leveraging my expertise to create engaging web experiences that leave a lasting impression.

SKILLS

- Proficient in HTML, CSS, and Bootstrap for precise and responsive web development.
 - Advanced expertise in React.js for dynamic, interactive user interfaces.
 - Specialized in translating design concepts into elegant and user-centric UI development.
 - Experienced in problem-solving, troubleshooting, and optimizing web projects.
-
